

AREA OPTION 3a:

Section 475, Title 14, CCR is amended as follows:

§475. Methods of Take for Nongame Birds and Nongame Mammals.

Nongame birds and nongame mammals may be taken in any manner except as follows:

- (a) Poison may not be used.
- (b) Recorded or electrically amplified bird or mammal calls or sounds or recorded or electrically amplified imitations of bird or mammal calls or sounds may not be used to take any nongame bird or nongame mammal except coyotes, bobcats, American crows and starlings.
- (c) Fallow deer, sambar deer, axis deer, sika deer, aoudad, mouflon, tahr and feral goats may be taken only with the equipment and ammunition specified in Section 353 of these regulations.

(d) Traps may be used to take nongame birds and nongame mammals only in accordance with the provisions of Section 465.5 of these regulations and sections 3003.1 and 4004 of the Fish and Game Code.

(e) No feed, bait or other material capable of attracting a nongame mammal may be placed or used in conjunction with dogs for the purpose of taking any nongame mammals. Nothing in this section shall prohibit an individual operating in accordance with the provisions of Section 465.5 from using a dog to follow a trap drag and taking the nongame mammal caught in that trap.

(f) Methods of take within the California condor range. Except as otherwise provided, it is unlawful to use or possess projectiles containing more than [The Fish and Game Commission will determine maximum allowable trace lead levels to be within a range of 0-10 percent by weight based on information currently available from manufacturers] percent lead by weight while taking or attempting to take any nongame birds or nongame mammals in the following area: In those portions of Alameda, Fresno, Kern, Kings, Los Angeles, Merced, Monterey, San Benito, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Santa Clara, Santa Cruz, Stanislaus and Ventura counties lying within a line beginning at the junction of the mouth of the Pajaro River and the Pacific Ocean at the Santa Cruz-Monterey county line; north and east along the Pajaro River to Highway 1 (south of Watsonville); north on Highway 1 to Highway 129; east on Highway 129 to Highway 101; north on Highway 101 to Interstate 680 (in San Jose); north on Interstate 680 to Highway 84 (east of Pleasanton); north and east on Highway 84 to Interstate 580 (in Livermore); east and south on Interstate 580 to Interstate 5; south on Interstate 5 to Highway 58 (east of Buttonwillow); east on Highway 58 to Highway 14 (near Mojave); south on Highway 14 to Highway 138 (near Palmdale); south and east on Highway 138 to Interstate 15 (at Cajon Junction); south and west on Interstate 15 to Interstate 10; west on Interstate 10 to Highway 1 (in Santa Monica); west on Highway 1 to Malibu Creek (in Malibu); south along Malibu Creek to its mouth at the Pacific Ocean; north and west along the Pacific Coast shoreline to the point of beginning. those areas described in section 3004.5, Fish and Game Code.

(1) For purposes of Section 475, a "projectile" is defined as any bullet, ball, sabot, slug, buckshot, shot, pellet or other device which is expelled from a firearm through a barrel by the force of any explosion.

(2) Except as otherwise provided, it is unlawful to possess any projectile containing lead in excess of the amount permitted in subsection 475(f) and a firearm capable of firing the projectile while taking or attempting to take any nongame bird or nongame mammal within the area described in subsection 475(f). The possession of a projectile containing lead in excess of the amount allowed in subsection 475(f) without possessing a firearm capable of firing the projectile is not a violation of this section.

(3) Rimfire cartridges of .22 caliber or less are not subject to the projectile restrictions while taking or attempting to take nongame birds and nongame mammals. Coyotes may not be taken using a .22 caliber or less firearm using lead projectiles within the area described in subsection 475 (f).

Note: Authority cited: Sections 200, 202, 203, 355, 3003.1, 3800, and 4150, Fish and Game Code. Reference: Sections 200, 202, 203, 203.1, 207, 355, 356, 2055, 3004.5, 3800, and 4150, Fish and Game Code.

AREA OPTION 3b:

Section 475, Title 14, CCR is amended as follows:

§475. Methods of Take for Nongame Birds and Nongame Mammals.

Nongame birds and nongame mammals may be taken in any manner except as follows:

- (a) Poison may not be used.
- (b) Recorded or electrically amplified bird or mammal calls or sounds or recorded or electrically amplified imitations of bird or mammal calls or sounds may not be used to take any nongame bird or nongame mammal except coyotes, bobcats, American crows and starlings.
- (c) Fallow deer, sambar deer, axis deer, sika deer, aoudad, mouflon, tahr and feral goats may be taken only with the equipment and ammunition specified in Section 353 of these regulations.

(d) Traps may be used to take nongame birds and nongame ~~mammals~~ ~~mammals~~ only in accordance with the provisions of Section 465.5 of these regulations and sections 3003.1 and 4004 of the Fish and Game Code.

(e) No feed, bait or other material capable of attracting a nongame mammal may be placed or used in conjunction with dogs for the purpose of taking any nongame mammals. Nothing in this section shall prohibit an individual operating in accordance with the provisions of Section 465.5 from using a dog to follow a trap drag and taking the nongame mammal caught in that trap.

(f) Methods of take within historic California condor range. Except as otherwise provided, it is unlawful to use or possess projectiles containing more than [The Fish and Game Commission will determine maximum allowable trace lead levels to be within a range of 0-10 percent by weight based on information currently available from manufacturers] percent lead by weight while taking or attempting to take any nongame birds or nongame mammals in the following area: In those portions of Alameda, Contra Costa, Fresno, Kern, Kings, Los Angeles, Madera, Mariposa, Merced, Monterey, San Benito, San Bernardino, San Joaquin, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Santa Cruz, Stanislaus, Tulare and Ventura counties within the areas described as deer hunt Zone A-South Unit 110, Zone D-7, Zone D-8, Zone D-9, Zone D-10, Zone D-11, and Zone D-13 (see subsections 360(a)(1)(A)1.; 360(a)(6)(A) through 360(a)(10)(A); and 360(a)(12)(A)).

(1) For purposes of Section 475, a "projectile" is defined as any bullet, ball, sabot, slug, buckshot, shot, pellet or other device which is expelled from a firearm through a barrel by the force of any explosion.

(2) Except as otherwise provided, it is unlawful to possess any projectile containing lead in excess of the amount permitted in subsection 475(f) and a firearm capable of firing the projectile while taking or attempting to take any nongame bird or nongame mammal within the area described in subsection 475(f). The possession of a projectile containing lead in excess of the amount allowed in subsection 475(f) without possessing a firearm capable of firing the projectile is not a violation of this section.

(3) Rimfire cartridges of .22 caliber or less are not subject to the projectile restrictions while taking or attempting to take nongame birds and nongame mammals. Coyotes may not be taken using a .22 caliber or less firearm using lead projectiles within the area described in subsection 475 (f).

Note: Authority cited: Sections 200, 202, 203, 355, 3003.1, 3800, and 4150, Fish and Game Code. Reference: Sections 200, 202, 203, 203.1, 207, 355, 356, 2055, 3004.5, 3800, and 4150, Fish and Game Code.

AREA OPTION 3c:

Section 475, Title 14, CCR is amended as follows:

§475. Methods of Take for Nongame Birds and Nongame Mammals.

Nongame birds and nongame mammals may be taken in any manner except as follows:

- (a) Poison may not be used.
- (b) Recorded or electrically amplified bird or mammal calls or sounds or recorded or electrically amplified imitations of bird or mammal calls or sounds may not be used to take any nongame bird or nongame mammal except coyotes, bobcats, American crows and starlings.
- (c) Fallow deer, sambar deer, axis deer, sika deer, aoudad, mouflon, tahr and feral goats may be taken only with the equipment and ammunition specified in Section 353 of these regulations.

(d) Traps may be used to take nongame birds and nongame mammals only in accordance with the provisions of Section 465.5 of these regulations and sections 3003.1 and 4004 of the Fish and Game Code.

(e) No feed, bait or other material capable of attracting a nongame mammal may be placed or used in conjunction with dogs for the purpose of taking any nongame mammals. Nothing in this section shall prohibit an individual operating in accordance with the provisions of Section 465.5 from using a dog to follow a trap drag and taking the nongame mammal caught in that trap.

(f) Methods of take within the State. Except as otherwise provided, it is unlawful to use or possess projectiles containing more than [The Fish and Game Commission will determine maximum allowable trace lead levels to be within a range of 0-10 percent by weight based on information currently available from manufacturers] percent lead by weight while taking or attempting to take any nongame birds or nongame mammals statewide.

(1) For purposes of Section 475, a "projectile" is defined as any bullet, ball, sabot, slug, buckshot, shot, pellet or other device which is expelled from a firearm through a barrel by the force of any explosion.

(2) Except as otherwise provided, it is unlawful to possess any projectile containing lead in excess of the amount permitted in subsection 475(f) and a firearm capable of firing the projectile while taking or attempting to take any nongame bird or nongame mammal. The possession of a projectile containing lead in excess of the amount allowed in subsection 475(f) without possessing a firearm capable of firing the projectile is not a violation of this section.

(3) Rimfire cartridges of .22 caliber or less are not subject to the projectile restrictions while taking or attempting to take nongame birds and nongame mammals. Coyotes may not be taken using a .22 caliber or less firearm using lead projectiles.

Note: Authority cited: Sections 200, 202, 203, 355, 3003.1, 3800, and 4150, Fish and Game Code. Reference: Sections 200, 202, 203, 203.1, 207, 355, 356, 2055, 3004.5, 3800, and 4150, Fish and Game Code.
